

Boy's Still Got It

Olivia Lane

His devilish grin
The scar on his chin
Yeah, the boy's still got it
His nonchalant air
Those eyes that stare
Yeah, the boy's still got it

He walks the walk, talks the talks
He has it all so I gave him my heart
And the boy's still got it
My heart
And the boy's still got it

Like my number in his pocket
My picture in his wallet
The boy's still got it
My favorite Levi jacket
The joke that keeps me laughing
The boy's still got it
Like my heart
And the boy's still got it

Like his hand-me-down truck
That he first picked me up in
Yeah, the boy's still got it
His sweet southern charm
And the girl on his arm
Yeah, the boy's still got it
Nothing's changed, he's still the same
Like when he walked away with my heart
And the boy's still got it
My heart
And the boy's still got it

Like my number in his pocket
My picture in his wallet
The boy's still got it
My favorite Levi jacket
The joke that keeps me laughing
The boy's still got it
The night we didn't wait
The blanket in the rain
The boy's still got it
Like my heart
The boy's still got it

Like my number in his pocket
My picture in his wallet
The boy's still got it
My favorite Levi jacket
The joke that keeps me laughing
The boy's still got it
The night we didn't wait, the blanket in the rain
The kiss that made me weak, I'll never get to keep
The boy's still got it
The boy's still got it
Like my heart and the boy's still got it, yeah, yeah

Yeah
