

Keychain

Olivia Lane

You and me we got a good thing
Wrinkled sheets slow coffee mornings
Ain't takin it fast takin it slow just takin our time
See you soon kiss on the doorstep bye
But baby I can't wait to get my

Shoes by your front door
Wanna get a tooth brush by your sink
Wanna get a corner of your top drawer
Hey baby what you think?
I'll keep knock knock knocking every night and day
Wait til I get, til I get your key on my keychain
Wanna spin it round, hear it jangle on my pinky
Know it's in the back pocket of my blue jeans
Keepin it to myself and me just a matter of time before I leave
my

Jewelry on your nightstand
Yeah flip flops on your floor
Couple hangers in the closet
Maybe one more drawer
I'll keep knock knock knocking every night and day
Til I get til I get your key on my keychain

Ain't takin it fast, takin it slow just takin our time
See you soon kiss on your doorstep bye
But baby I can't wait to get my

Shoes by your front door
Wanna get a tooth brush by your sink
Wanna get a corner of your top drawer
Hey baby what you think?
I'll keep knock knock knocking every night and day
Wait til I get til I get yo key on my keychain
