

# Lightning

Olivia Lane

They say you're a small town kid  
Dreamin' way too big  
Better keep playing it safe  
Wandering off too far from your fenced in yard  
Would just be a foolish mistake

But here's a simple truth  
Do what you dare to do  
I swear when they see you  
It's gonna be

Thunder, thunder  
Makin' everybody wonder  
Wonder what they didn't see when you light it up  
Get the southern sky burning' bright enough  
Yeah, you're gonna be like lightning, lightning  
Ooh, ooh, ooh  
Lightning, lightning

Yeah, I know  
It can be so hard for a renegade heart  
Out walking your own road  
Knowing no one else has a story to tell  
Cause it hasn't yet been told

So dance to your own beat  
Go find your melody  
You're makin' history  
It's gonna be

Thunder, thunder  
Makin' everybody wonder  
Wonder what they didn't see when you light it up  
Get the southern sky burning' bright enough  
Yeah, you're gonna be like lightning, lightning  
Ooh, ooh, ooh  
Lightning, lightning  
Ooh, ooh, ooh

Go paint that electric sky  
Blow it up right before their eyes

Like thunder, thunder  
Make' 'em wonder  
Wonder what they didn't see when you light it up  
Get the southern sky burning' bright enough  
Yeah, it's gonna be like  
Thunder, thunder  
Makin' everybody wonder  
Wonder what they didn't see when you light it up  
Get the southern sky burning' bright enough  
Yeah, you're gonna be like lightning, lightning  
Ooh, ooh, ooh  
Lightning, lightning  
You're gonna be like lightning, lightning  
Ooh, ooh, ooh  
Lightning, lightning

Ooh, ooh, ooh
