

# Heart Attack

Olivia Newton-John

My mouth is dry, my legs are weak  
I'm thinking this cause I can't speak  
I'm looking at you, you're looking at me  
You must think that I'm just crazy

If you only knew what you're putting me through  
It feels like a heart attack  
You're giving me a heart attack  
Heart attack  
You're giving me a heart attack  
Must have died and gone to heaven  
What a way to go

I can't catch my breath  
You must be a dream  
But you're the cutest thing I've ever seen  
I'm way past the point of recovery  
You're gonna be the death of me

If you only knew what you're putting me through  
It feels like a heart attack  
You're giving me a heart attack  
Heart attack  
You're giving me a heart attack  
Must have died and gone to heaven  
What a way to go  
A heart attack  
You're giving me a heart attack  
Heart attack  
You're giving me a heart attack  
You're giving me a heart attack  
You're giving me a heart attack
