

# Bitch Back

Olivia O'Brien

Bitch back, my bitch back, yeah  
And she bad, she bad  
Bitch back, my bitch back, yeah

I know you're sad  
But think of all the fun we're gonna have  
And in a couple months we're gonna look at this and laugh  
Like remember Ibiza?  
'Cause I don't either  
But I know we had a fucking blast  
So let's order a pizza  
A side of tequila  
And you'll forget about him fast, no, no

It's all good, I got my bitch back  
Back on our bullshit, I know you missed that  
'Cause he sucks and now we can admit that  
I got my bitch back  
My bitch back

You look good, now throw that shit back  
'Cause there's a million other guys that wanna hit that  
But we'll ditch 'em late night to get a Big Mac  
I got my bitch back  
My bitch back

Remember the time we double dated twins? (Yep)  
I was fucking her and you were fucking him  
We beat them in flip cup and went to the strip club  
We left them outside and they probably still miss us  
Bitch, you're my only plus one  
'Cause being single's way more fun

It's all good, I got my bitch back  
Back on our bullshit, I know you missed that  
'Cause he sucks and now we can admit that  
I got my bitch back  
My bitch back

You look good, now throw that shit back  
'Cause there's a million other guys that wanna hit that  
But we'll ditch 'em late night to get a Big Mac  
I got my bitch back

I got my bitch back, yeah, yeah  
And she's so bad, yeah, yeah  
I got my bitch back, yeah, yeah  
Oh, no, no, no

Another day, another PJ  
Paid for by another DJ  
Make him think he'll get a three way  
But we don't even go to the show (Fuck no)

It's all good, I got my bitch back  
Back on our bullshit, I know you missed that  
'Cause he sucks and now we can admit that

I got my bitch back  
My bitch back

You look good, now throw that shit back  
'Cause there's a million other guys that wanna hit that  
But we'll ditch 'em late night to get a Big Mac  
I got my bitch back

I got my bitch back, yeah, yeah  
And she's so bad, yeah, yeah (Oh yeah, she's so so bad)  
I got my bitch back, yeah, yeah  
Oh, no, no, no  
(I got my bitch back)  
(I got my bitch back)
