Olivia O'Brien

How is it fair
You're the love of my life
But you never cared
If I lived or I died
You were the one
Well at least in my mind
But I never made it into your top five

And I'm trying
To keep justifying
The why, why
Why you kept on running
Convinced it just wasn't our time
(Blip blip blip, blip blip blip)

I was an extra
You're the protagonist
I was a roadblock
You were my catalyst
I was a minute
You were a lifetime
I was so small
Just a blip in your timeline
A blip in your timeline

I think about you at night
When I'm lying in bed awake
But I'm pretty sure that you've
Already forgotten my name
Time isn't healing me
Every year I just get older
And I'm just somebody that
You never had to get over

I was an extra
You're the protagonist
I was a roadblock
You were my catalyst
I was a minute
You were a lifetime
I was so small
Just a blip in your timeline
(Blip blip blip, blip blip blip)

I was a blip
Just a small interruption
I was a slip-up
A minor obstruction
Invisible glitch
In a system malfunction
I was a blip
I was basically nothing

A blip in your timeline
A blip in your timeline
A blip in your timeline
A blip in your timeline
