

# I Don't Exist

Olivia O'Brien

I've been doomed from the start  
Everything around me falls apart  
So quickly always end up with a broken heart  
Even Tylenol can't fix me  
Unless it's mixed with whiskey

I ain't even sad, I'm just bored  
Nothing can excite me anymore like you used to  
Hollywood has lost all its allure  
Used to be so pretty  
Now it's just a city

All of these people and all of their friends  
Look so good together and I don't fit in  
'Cause they're picture perfect  
And I'm on the end  
Crop me out the photo so they can pretend  
Like I don't exist  
Like I don't exist  
Don't exist  
Like I don't exist (no)  
Like I don't exist  
No

When I feel good it never lasts  
That's why you can find me living in the past if you need me  
Everybody says this shit will pass  
I say it won't, they don't believe me  
Just tell me to deep breathe

Falling apart  
Don't know what to do, what to do  
Looking for someone to save me, I don't know who  
I don't know who

All of these people and all of their friends  
Look so good together and I don't fit in  
'Cause they're picture perfect  
And I'm on the end  
Crop me out the photo so they can pretend  
Like I don't exist  
Like I don't exist  
Don't exist  
Like I don't exist (no)  
Like I don't exist  
No

Am I even real?  
It's hard to tell when I can't feel a fucking thing

All of these people and all of their friends  
Look so good together and I don't fit in

'Cause they're picture perfect  
And I'm on the end  
Crop me out the photo so they can pretend  
Like I don't exist (no)  
Like I don't exist  
Don't exist  
Like I don't exist (no)  
Like I don't exist  
No

Am I even real?
