

I know we never said where we drew the line
But I was in your bed almost every night
I thought we made it clear how we felt, read the signs
But now there's nothing left cuz you did nothing right

You had to go and ruin it
So you could get a quick fuck
I'm sure you had fun doing it
And I won't make a big fuss

But know we're off and we'll never be on again
I hope that it was worth it fucking Josslyn
Don't wanna fight, I just never wanna talk again
I hope that it was worth it fucking Josslyn
I know we weren't together but we're more than friends
Said you couldn't see me while she gave you head
So please don't ever call again
I hope that it was worth it fucking Josslyn
Yeah I hope that it was worth it

You didn't wanna be like the boys from before
Well look at what you did, cuz you hurt me more
You didn't have to lie, like the truth is a chore
I guess I can't be mad, cuz I was never yours

You had to go and ruin it
So you could get a quick fuck
I'm sure you had fun doing it
And I won't make a big fuss

But know we're off and we'll never be on again
I hope that it was worth it fucking Josslyn
Don't wanna fight, I just never wanna talk again
I hope that it was worth it fucking Josslyn
I know we weren't together but we're more than friends
Said you couldn't see me while she gave you head
So please don't ever call again
I hope that it was worth it fucking Josslyn
Yeah I hope that it was worth it fucking Josslyn
Yeah I hope that it was worth it

Can't believe I was so stupid
Just another girl you ruined
My friends said I shouldn't do it
Should've listened, guess I blew it

So have fun fucking Josslyn

But know we're off and we'll never be on again
I hope that it was worth it fucking Josslyn
Don't wanna fight, I just never wanna talk again
I hope that it was worth it fucking Josslyn
I know we weren't together but we're more than friends
Said you couldn't see me while she gave you head
So please don't ever call again
I hope that it was worth it fucking Josslyn
Yeah I hope that it was worth it fucking Josslyn

Yeah I hope that it was worth it
