

Just Friends

Olivia O'Brien

We're in your bed, just skin on skin
Sayin' we'll never do that again
Don't know why you're gettin' all in your head
'Cause we decided we were just gon' be friends

Just friends
Just friends

I don't want love, we just get hurt
Don't want to feel stuck, that just make it worse
Just want to be with you and you're on my mind
But I don't want love, that's a waste of my time

We're just friends
Just friends

I want you here
But I don't want the strings attached
'Cause I don't know how long we'll last
I want you here
I just like having you around
But I don't want to be held down
'Cause you and I

We're just friends
We're just friends

We're in your bed, just skin on skin
Sayin' we'll never do that again
Don't know why you're gettin' all in your head
'Cause we decided we were just gon' be friends

We're just friends
We're just friends

Just friends
