

Keep It Movin'

Olivia O'Brien

I hope you know these other girls can't ever be as bomb as me
I know they might be prettier but that's not what I wanna be
I got my own thing going, I don't need no help
And if I'm not the girl you want then I'm good by myself
I gotta know

Can they put it down like me?
Throw that shit around like me?
Write a song or sound like me?
Got a big bank account like me?
It prolly sucks that all your friends like me
They like me, like me

Any girl you fuck probably listen to my music
You got a lot of hoes but I'm the best to ever do it
You won't find the one fucking with some number two bitch
Boy you stay losing, Imma keep it movin'
Imma keep it movin'
Take it over there
Baby Imma keep it movin'
I don't even care
Imma show you what you losin'
Imma keep it movin'
Imma keep it movin'
Yeah, yeah

Don't wanna sound cocky baby, I just got my confidence
You'll never want these models the same way you wanted this
I kept our business on the low
I taught you things you didn't know
I kept you laughing at my jokes
Cuz I sent you all the songs I wrote
It's pretty obvious you want a girl who fakes it
One look and you already got her naked
Yeah I'm the prototype and all these bitches makeshift
You gotta face it, you can't replace this

Can they put it down like me?
Throw that shit around like me?
Write a song or sound like me?
Got a big bank account like me?
It prolly sucks that all you friends like me
They like me, like me

Any girl you fuck probably listen to my music
You got a lot of hoes but I'm the best to ever do it
You won't find the one fucking with some number two bitch
Boy you stay losing, Imma keep it movin'
Imma keep it movin'
Take it over there
Baby Imma keep it movin'
I don't even care
Imma show you what you losin'
Imma keep it movin'
Imma keep it movin'
Yeah

My name start with an O but I ain't never gonna fake one
Like all these girls that you fuck, I'd love to see you try to date one
You can switch 'em out, it ain't hard for you to replace one
I'm sorry I'm a bitch, you just make it easy to make fun

Any girl you fuck probably listen to my music
You got a lot of hoes but I'm the best to ever do it
You won't find the one fucking with some number two bitch
Boy you stay losing, Imma keep it movin'
Imma keep it movin'
Take it over there
Baby Imma keep it movin'
I don't even care
Imma show you what you losin'
Imma keep it movin'
Imma keep it movin'
Yeah
