

**RIP**

**Olivia O'Brien**

You don't make time like you used to  
Got a new girl, new friends, brand new  
I swear it's like I don't even know you  
Yeah, I miss the old you  
I kinda want to fight like we used to  
To make it alright like we used to  
Anything, 'cause I didn't want to lose you  
But this time we've gone too far  
We've gone too far

This new you, this new dude  
Don't know him, don't want to  
I wish that I still knew  
The old him, the old you

R.I.P. to the old you  
I miss the old you  
It's like you're dead to me now  
R.I.P. to the old you  
I fucking miss you  
I would have never let you down  
like you did to me  
Now you're dead to me  
R.I.P.

You're acting like the people that we hated  
You're hanging with the worst and I hate it  
All you do now is get too faded  
You think you're the shit now  
Now everything is too complicated  
You can try, but there's no way to save it  
Because you're too caught up in that fake shit  
I wish we could just restart  
just restart

This new you, this new dude  
Don't know him, don't want to  
I wish that I still knew  
The old him, the old you

R.I.P. to the old you  
I miss the old you  
It's like you're dead to me now  
R.I.P. to the old you  
I fucking miss you  
I would have never let you down  
like you did to me  
Now you're dead to me  
R.I.P.

R.I.P. to the old you  
I fucking miss you  
It's like you're six feet in the ground

One day you gon' miss me  
You'll come running back and you'll hit me up  
But I won't answer that shit nah

I won't answer that shit nah  
One day I won't miss you  
When I'm drunk and sad, I won't hit you up  
Because I'll be over that shit, yeah  
I'll be over that shit, yeah

R.I.P. to the old you (R.I.P.to you)  
I miss the old you (I miss you)  
It's like you're dead to me now (dead to me)  
R.I.P. to the old you (R.I.P.)  
I fucking miss you (I miss you)  
I would have never let you down (never let you down)  
like you did to me (like you did to me)  
Now you're dead to me (dead to me now)  
R.I.P.  
R.I.P. to the old you (R.I.P.)  
I fucking miss you (I miss you)  
It's like you're six feet in the ground
