Trust Issues

Olivia O'Brien

A good girl is better than millions of bitches
But one bitch can leave you with millions of stitches
And I don't want to say I'm that bitch but I'll never be a Mrs
I'm just going to say you'll never see me in the kitchen
Cooking up some breakfast for someone who doesn't care
Busting my ass for someone who's not there
It's not fair, it's not fair

Please don't tell me you want me
Please don't say you do
Honestly, it's not you it's me
I just have trust issues

Trust issues with trusting you
I got issues with trusting you
Trust issues with trusting you
I got issues with trusting you

I'm just letting you know I'm emotionally unavailable
I'd love to reciprocate your love but I'm incapable
I know that you don't get it, but I'm just so unstable
And all I could think about is how you'd be unfaithful
You think that I am crazy
But that, that does not phase me
And no, you cannot change me
Just know you cannot save me
You say you love me so much but I don't want your love
You say you love me so much but I don't want your love
No, no

Please don't tell me you want me
Please don't say you do
Honestly, it's not you it's me
I just have trust issues

Trust issues with trusting you
I got issues with trusting you
Trust issues with trusting you
I got issues with trusting you

I think I think too much
Or maybe you don't think enough
But one of us is right, and one of us is wrong
And one of us is leading the other one on
And I don't want to say I wouldn't date you
And I could never say that I hate you
I mean I guess I could, but it ain't true
I swear it's me, not you

Please don't tell me you want me
Please don't say you do
Honestly, it's not you it's me
I just have trust issues

Trust issues with trusting you
I got issues with trusting you
Trust issues with trusting you

```
I got issues with trusting you

I could never, never
I could never, never
I could never, never
I could never, never
```
