

You see me on my Instagram  
Oh, yeah, I heard that you have met a couple of my friends  
So you pretend like you know me and know my intent  
When really we have never talked and it's all in your head

You see me at a party once  
So now you think that gives you the right to judge  
You don't know enough  
And you can ask whoever but  
Unless it comes from me it's just not something you should trust

So how can you hate me before we have a conversation?  
I wonder where you getting all your information

'Cause you don't, you don't, you don't  
Know 'bout me  
You don't, you don't, you don't  
Know 'bout me  
You don't even know me  
You just know what you like to believe  
You don't even know me  
So keep my name out of your mouth, please  
'Cause you don't know 'bout me

I don't think that we've ever talked  
But every time you talk to someone else my name is dropped  
Happens a lot  
If you keep it up you might get blocked  
I don't know what else I can do to make you fucking stop

Cause you've given me a reputation  
I don't even know where you heard all of the things you're saying  
They're your creation  
Yeah, there's been a miscommunication  
Or maybe not and you just have attention deprivation

So how can you hate me before we have a conversation?  
I wonder where you getting all your information

'Cause you don't, you don't, you don't  
Know 'bout me  
(No, no, you don't, no, no, you don't)  
You don't, you don't, you don't  
Know 'bout me  
(No, no, you don't, no, no, you don't)  
You don't even know me  
You just know what you like to believe  
(You believe it, yeah, you believe it)  
You don't even know me  
So keep my name out of your mouth, please  
'Cause you don't know 'bout me
