

What Happens Now?

Olivia O'Brien

Yeah I still have your location
But I see it's somewhere new
And that house I loved is gone
And someone else lives in your room

And you don't know where I live
Haven't seen you since I moved
Wouldn't recognize the way I smell
'Cause I wear a new perfume

I don't hate you
I don't love you
I'm not even thinking of you
Just woke up one day and you weren't on my mind

I don't hate you
I don't love you
Don't know what it's like to touch you
'Cause I've forgot the things that used to make me cry

What happens now?
What happens next?
If I'm not waiting for you
If there's nothing left

What happens now?
What happens next?

'Cause I'm a different person
You're a different person too
And the more time that we spend apart
The less that I know you

And maybe 20 years from now
I'll hear that song we used to play
And laugh at how much trouble I have
Remembering your name

I don't hate you
I don't love you
I'm not even thinking of you
I just woke up one day and you weren't on my mind

What happens now? (What happens now?)
What happens next? (What happens next?)
If I'm not waiting for you
If there's nothing left

What happens now? (What happens now?)
What happens next? (What happens next?)
If I'm not waiting for you
If I'm not obsessed

What happens now?
What happens next?

(What happens now?)

(What happens now?)
