

## A Love Theme

Olivia Ong

I love you I love you I love you I do I love you I love you I l  
ove you I do I love you I love you I love you I do I love you I  
love you I love you I do I love you I love you I love you I do

I can see the colours in your eyes My feelings arise

And the mirror catches on to what We feel deep inside

Playing off the colours in your eyes Underneath the starry skie  
s I don't have to ever make believe As the gaze turns wide and  
bright

Baby the smile you see It's everything I want it to be I know j  
ust how I feel This is how it should always be

You have always been a nice surprise Of sorts for me

Baby baby you make me believe In all my dreams

You don't ever have to second guess Right now I do confess When  
I think of love I think of you Now you know I want you too

Baby the smile you see It's everything I want it to be I know j  
ust how I feel This is how it should always be

Baby the smile you see It's everything I want it to be I know j  
ust how I feel This is how it should always be

I'm falling into the stars I catch me a shooting star And I pla  
ce it near my heart This love won't come apart

I love you I love you I love you I do I love you I do

Baby the smile you see It's everything I want it to be I know j  
ust how I feel This is how it should always be

Baby the smile you see It's everything I want it to be I know j  
ust how I feel This is how it should always be
