

Foolery

Olivia Ong

You say you love me, do you really
Really love me, cause i can see it how
This could be you try to flee
Well, i call you this foolery
one weird guy oh my oh my
So, how did i let you read my life
Are you shy tell me something
Cause you know is time to say goodbye
Right on time never thought so fun
you summon i see the sights delighted
No broken hearted
You summon i see the sights

Believe me
romantic liar
When i say that it is over
properly i speak much lies
And you know it is time to say goodbye
Right on time never thought so fun
you summon i see the sights delighted
No broken hearted
You summon i see the sights

Right on time never thought so fun
you summon i see the sights delighted
No broken hearted
You summon i see the sights
