

# Strange

Olivia Rodrigo

[Intro]

Strange, strange, strange  
Strange, strange, strange

[Verse 1]

Oh no, your voice through the phone  
Tells me way more than I've ever wanted to know  
You say, that you need your space  
Letting me go, was the hardest thing you could do

[Pre-Chorus 1]

'Cause you're crazy for me  
And I'm the best that you ever had  
Mmm, It's kind of funny

[Chorus]

Said it was raining but the sun's out  
You said you loved me, you're with her now  
No, I don't need you to explain  
I'm just sayin' that it's strange

You said you couldn't live without me  
Heard you're dancing at a party  
No, I don't wanna take her place  
I'm just sayin' that it's strange

Strange, strange, strange  
Strange, strange, strange

[Verse 2]

Oh no, I saw you and her  
Out on the street  
You were never that public with me  
I know that you met her when you were with me  
You said I had doubts and you said I was

[Pre-Chorus 2]

Crazy, baby  
Was I crazy after all?  
Oh, it's really funny

[Chorus]

Said it was raining but the sun's out  
You said you loved me, you're with her now  
No, I don't need you to explain  
I'm just sayin' that it's strange

You said you couldn't live without me  
Heard you're dancing at a party  
No, I don't wanna take her place  
I'm just sayin' that it's strange

Strange, strange, strange  
Strange, strange, strange

I'm just sayin' that it's strange

Strange, strange, strange  
Strange, strange, strange

[Bridge]

Oh no, guess I was right  
Wish I was wrong  
Me and my heart, we'll be fine

[Chorus]

Said it was raining but the sun's out  
You said you loved me, you're with her now  
No, I don't need you to explain  
I'm just sayin' that it's strange

You said you couldn't live without me  
Heard you're dancing at a party  
No, I don't wanna take her place  
I'm just sayin' that it's strange

Strange, strange, strange  
Strange, strange, strange

I'm just sayin' that it's strange

Strange, strange, strange  
Strange, strange, strange
