

# Missing You

Olivia

Sitting here  
Concealting why you had to go  
What I do  
To make you leave my life  
I don't know  
You're wanting to be a certain way  
You held the position to make me change  
So as I decided it was too late  
I realized and now let you can't be with me

Nothing compares to the way that it feels  
Lying in your arms all night long  
Cherish this feeling but now that you're gone  
It's just so hard to move on when it feels like everything's just goin' wrong

Now I'm missing you  
My world is so crazy  
Missing you  
My heart feels so weakened  
Missing you  
Losing my patience  
I'm sick of waiting  
I'm missing you  
(2x)

Why does it hurt me so bad?  
I can't keep back what we had  
This situation is sad  
I don't wanna imagine living my life without you by my side  
Live for some man with no pain  
Like here I ?? once again were can I do  
Said I'm missing you and I know this as much as true

Nothing compares to the way that it feels  
Lying in your arms all night long  
Cherish this feeling but now that you're gone  
It's just so hard to move on when it feels like everything's just goin' wrong

Now I'm missing you  
My world is so crazy  
Missing you  
My heart feels so weakened  
Missing you  
Losing my patience  
I'm sick of waiting  
I'm missing you

Why you gotta be the way it is  
Why you do the things you do (do the thing you do)  
Say you need me babe love me  
Or you gotta do something to tell me the truth  
I just want it to be the way it used to be  
I need you (I need you)  
I gave you everything (everything)  
Everything's slip away (slip away)

What I gotta do to get it back  
I need you  
I NEED YOU !!

Now I'm missing you  
My world is so crazy  
Missing you  
My heart feels so weakened  
Missing you  
Loosing my patience  
I'm sick of waiting  
I'm missing you
