

# When 2 Souls Touch

Olivia

It's a natural feeling  
And it always comes easy  
Like a gentle summer breeze  
Blowing softly through my mind  
When I feel the sensation  
It's not a one night temptation  
With an imprint of your love  
That will linger for all times

Now your touching secret places  
No ones touched before  
And I wanna feel you deep inside  
Forever mi amour

Baby when 2 souls touch (when our souls touch)  
There's no way that you can escape from the rush (the rush)  
I'm under your power just like a flower (I'm ready baby)  
Who's ready to open up  
When 2 souls touch

ooohhhhhhhh  
haaaaaaaaaa

For your love that i'm living  
All the joy that your giving  
The new light in my life  
Prayed for you so many nights  
There's no words to express it  
So i'd rather not dress it  
Like the shadows on the wall  
Speak they eliquence of love

Now your touching secret places  
No ones touched before  
And I wanna feel you deep inside  
Forever mi amour

Baby when 2 souls touch (Baby...The way you touch me yea)  
There's no way that you can escape from the rush (No way there's no way boo)  
I'm under your power just like a flower (Under your power)  
Who's ready to open up  
When 2 souls touch

Loving you constantly  
Seems to be all i need  
My only thought  
My one desire  
When your loves deep inside  
Feels so good i could cry  
Tears of joy  
Like raindrops from the sky  
From my eyes
