

# You Are

Olivia

You are, you are, you are  
You are, oh, you are, you are

All I need, said you're all I need  
You are

You are everywhere  
Although you're not here  
You are, you are  
There's no need to cry  
Now you're in these skies  
You are, you are

My adoring angel  
Best of my heart  
It amazes me how beautiful you are  
Feel you all around me (uh huh)  
First love of my life (uh huh)  
You will always be my number one

(No more) no more pain  
Your suffering days are over now  
I can't wait to see your face  
See your smile  
And I hope you see  
See the good in me  
I'll make you proud  
I'll make you proud I bet

You are everywhere  
Although you're not here  
You are, you are  
There's no need to cry  
Now you're in these skies  
You are, you are

Wish that I could tell you  
How great you were  
I looked up to you  
Should've said more  
Nothing can replace you  
(Nothing at all)  
Irreplaceable (and that's why I)  
All I do I do in your name  
(In your name there's)

(No more) no more pain  
Your suffering days are over now  
I can't wait to see your face  
See your smile  
And I hope you see  
See the good in me  
I'll make you proud  
I'll make you proud I bet

You are everywhere  
Although you're not here

You are, you are  
There's no need to cry  
Now you're in these skies  
You are, you are

I still feel you  
Hear you around me  
My protector  
Guide me  
Surround me

You are everywhere  
Although you're not here  
You are, you are  
There's no need to cry  
Now you're in these skies  
You are, you are
