Almost

Ollie

I almost signed a record deal the other day (deal the other day)
Almost got a couple million plays (a couple million plays)
I'm almost famous, I almost made it
I almost know the right things to say
I just hope that one day I'll find what I'm looking for
And want no "almost" no more

Constant conversations with myself
Work so much, it's bad for my health
I always thought by now I would've made it
But I'm still stuck inside my parents' house
Got all these people tellin' me I'm next
Feel the pressure buildin' in my chest
I don't wanna let nobody down
I just wanna make my family proud
Still, I know wherever I go
I'm gon' stay true to what I follow
You see, some things don't change, ay
No, some things don't change
Even though sometimes we fall
I won't stop givin' my all
'Cause I know exactly who I wanna be

I almost signed a record deal the other day (deal the other day)
Almost got a couple million plays (a couple million plays)
I'm almost famous, I almost made it
I almost know the right things to say
I just hope that one day I'll find what I'm looking for
And want no "almost" no more

I don't know what's wrong with me some days
Scared I might be wastin' life away
Like maybe I already had my prime
And I'm just losin' hope the more I age
I wanna tell my friends we finally made it
But everyday I don't, that dream is fadin'
But I'll keep keepin' on
Know where we belong, sing this rap song
Every single weekend, think I'm peakin'
Don't wanna fall off, I'm in the deep end
But I ain't goin' down so fast
I ain't goin' down so fast
Even though sometimes we fall
I won't stop givin' my all
'Cause I know exactly who I wanna be

I almost signed a record deal the other day (deal the other day)
Almost got a couple million plays (a couple million plays)
I'm almost famous, I almost made it
I almost know the right things to say
I just hope that one day I'll find what I'm looking for
And want no "almost" no more
