

# Coldest Summer

Ollie

You ever doubted that money is the root of all evil?  
There's your proof

We are searching party in the summer  
We see the way it's going, see the colors  
Whoo, whoo  
Whoo, whoo  
We are searching party in the summer  
We see the way it's going, see the colors  
Whoo, whoo  
Whoo, whoo

Yeah! Shit is crazy  
All of my friends amaze me  
And I've been feelin' more than free, man  
And I ain't even drivin' daisy  
Oh, you like that? Know, I do  
I've been doin' everythin' I'm supposed to do  
Made a buzz off rap, only spoke the truth  
And I ain't makin' no dough, but I hope I do  
God damn, understand, rap was never in the plan  
It was never in the plan  
Now I'm like, money, grams, only do it for the fam  
Only do it for the fam, this is that  
That reggae alidocious  
Makin' all the good girls wet like oceans  
We the focus, you should know this  
Got the whole room like, "Oh my God, who wrote this?"  
Uh, yeah, what you know about me?  
What you know about me?  
My game's strong, we ain't goin' down like Rousey  
We ain't gonna goin' down like Rousey  
Listen up! We the next up, all about a dream not a pay stub  
All about work, not a nightclub  
All about time with the right ones  
Took a shot, and I ain't even got guns  
Hopin' y'all like my tracks  
Had to switch things up, still spittin' the facts  
Say, "Fuck Green Day, I'm ahead of the Pac"  
And we just tryna have fun, like a Mike Stud, rap  
Yeah, 'cause we young and reckless  
Sleepin' 'til noon, never eatin' breakfast  
I just wanna find a way to make these summers endless  
Make these summers endless, yo

We are searching party in the summer  
We see the way it's going, see the colors  
Whoo, whoo  
Whoo, whoo  
We are searching party in the summer  
We see the way it's going, see the colors  
Whoo, whoo  
Whoo, whoo

Yeah! XO like Beyoncé  
Make the whole game love me like Kanye  
Tryna make three thou, no Andre

Still sittin' in my room, thinkin' one day, uh  
Yeah, I stil can't believe  
I got way more fans out in Germany  
Than I do in my hometown  
I don't know about you, but that's crazy to me  
Been puttin' in work, so it works out  
I've been spreadin' everywhere, blessin' word of mouth  
But, better to the boys that I'm talkin' 'bout  
This is feelin' like the big leagues, Mike Trout  
Did, did it on my own, never comin' home  
Put it in a song, number one  
Feelin' on, I'm just doin' what I want, yeah  
I'm just doin' what I want  
Girls call me that lyricist, I ain't got a son, ha  
Yeah, it's a celebration  
That we up, similar to elevation  
And all my tracks hot, like we on vacation  
Always keep it free, like we on PlayStation  
But for real, all of you, follow your dreams  
Fuck a team, if you know what I mean  
I mean do it on your own, do your own thing  
'Cause at the end of the day, it's your own dream  
Know what I mean? Okay  
Now back to my cocky flow  
If you ain't know about me, you should probably know  
'Cause we've been knocking down tracks, dominos  
And if you askin' man, we phenomenal  
So grab a drink, everybody grab a drink  
This goin' out to all the people who've been on the brink  
Just know there's better days ahead, despite what you think  
Yeah, despite what you think

We are searching party in the summer  
We see the way it's going, see the colors  
Whoo, whoo  
Whoo, whoo  
We are searching party in the summer  
We see the way it's going, see the colors  
Whoo, whoo  
Whoo, whoo
