

# Lovesad

Ollie

All you ever do is make me sad  
I've been lovesad (Sad)  
I've been lovesad (Sad)  
I don't wanna say it, but I think that it's true  
I know you know that (That)  
But somehow don't act (Act)  
Like all these games you playin' ain't gon' make me a fool

Ooh  
But I'll play with you (Play with you)  
There's not much I can do  
Ooh  
Guess I'll play with you (Play with you)

Yeah, runnin' back, straight to you  
You the one I need  
Every time I want you  
Ayy, I can't breathe  
Suffocate in my sleep, see you in my dreams  
Ayy, fuck it though, I need you in the backseat with your clothes off  
I ain't seen you in so long  
All in my head, I've been writin' these slow songs  
I've been drinkin', I'm so gone  
I've been tryna figure out ways I could hold on, but  
Maybe I'm lovesad...

Ayy, all you ever do is make me sad  
I've been lovesad (Sad)  
I've been lovesad (Sad)  
I don't wanna say it, but I think that it's true  
I know you know that (That)  
But somehow don't act (Act) (Noo)  
Like all these games you playin' ain't gon' make me a fool

Ooh  
But I'll play with you (Play with you)  
There's not much I can do  
Ooh  
Guess I'll play with you (Play with you)

I don't know what to say  
I can't stop thinkin'  
Why you gotta tell me you need space  
But call me up late-night drinkin'?  
What it mean? Don't understand  
I want you for myself  
But it's like every day you switch your mind  
You don't chase, never try  
You hide all emotions  
Hold 'em down, inside  
Last guy left you broken  
Now you playin', one more time  
How am I still fallin'?

All you ever do is make me sad  
I've been lovesad (Sad)  
I've been lovesad (Sad)

I don't wanna say it, but I think that it's true  
I know you know that (That)  
But somehow don't act (Act) (Noo)  
Like all these games you playin' ain't gon' make me a fool

Ooh  
But I'll play with you (Play with you)  
There's not much I can do  
Ooh  
Guess I'll play with you (Play with you)
