

MVP

Ollie

Started from the bottom
Now we on the way to the top
Never giving up on this dream
'Cause music is where it stops
So talk, but I ain't listen
Hate, and I just glistenin'
You're giving me ammunition
I fire back your precision, yeah
So put me on, I'm ready
I'm misfit, but I'm steady
Compassionate, but I'm deadly
Chase for the goals of the set like Messi
So, can you feel this now?
That's right, I'm screaming loud
Finally making progress
Shoutsouts to myself
First rule is be the best
And I'm gettin' there homie, what do you suggest?
More wordplay, will it keep you impressed?
I'm a criminal then, 'cause I resist arrest
Get it?
I cannot sleep
Grinding hard 'cause this road is steep
It's a battle out here like Helm's Deep
Lookin' like it's a division sweep
I give it my all, I'm ready to fall
Back to the wall, now I feel so small
Never goin' back, I am staying on track
Moving up-up-up, yeah I'm on attack
I need this, and I need it now
I'm fighting for it, like [?]
So take a shot, and I'll knock you down
'Cause you ain't gonna turn my life around

Now I'm feelin' like an MVP
Yeah, I'm feelin' like an MVP
So talk
But we ain't listen, yeah
Cause now we feelin' like some MVPs

Workin' life 24/7
Feelin' like the MVP, that's Kevin
Way I'm livin', I was driven
I bet you can hear the engine revvin'
Knew I was gonna kill it
Ever since I started
Now they say "rest in peace" to the daily departed
Never been the type of person, never gon' slack
Been at the bottom, I'm never goin' back
Yes, I fail, but I prevail
Kenan & Kel, the kid all that
So my head high
Yeah, that's where I'm holdin'
I found my own lane
It's like they never been bowlin'
Now it's crazy, they envy me
I'm not signed no M-B-D

I just put it on the N-E-T
Tryna fit it on the MP3
And I'm almost there
Yeah, they almost know me
I paid my dues
And now they all owe me
I'm a visionary
Yes, I can see more
Yes, I was lost, that was before detour
Reaching for the sky, like forget your ceilin'
Just to let you know, this is how I'm feelin'

Now I'm feelin' like an MVP
Yeah, I'm feelin' like an MVP
So talk
But we ain't listen, yeah
Cause now we feelin' like some MVPs

Now I'm feelin' like an MVP
Yeah, I'm feelin' like an MVP
So talk
But we ain't listen, yeah
Cause now we feelin' like some MVPs

Now I'm feelin' like an MVP
Yeah, I'm feelin' like an MVP
So talk
But we ain't listen, yeah
Cause now we feelin' like some MVPs
