

pain changes people

Ollie

I wanna be alone
Alone with you, does that make sense?
I wanna steal your soul
And hide you in my treasure chest

Yeah
I keep hearing how pain change people
I guess it keep changing me too
No, I'm not okay, but swear it's okay
After all of the things I've been through
It's easy to judge from the outside
But you never walked in my shoes
I tried to pick up pieces of my heart
But I ain't just broken in two
I keep hearing how pain change people
I guess it keep changing me too
No, I'm not okay, but swear it's okay
After all of the things I've been through
It's easy to judge from the outside
But you never walked in my shoes
I tried to pick up pieces of my heart
But I ain't just broken in two

Feel like I ain't slept in week
All of my problems repeat
Guess it's another late night spilling my guts on a YouTube beat
Play it back while I smoke my weed
Emotions I wear on my sleeve
I know I'm protective but trust me, you don't understand what this world can
be
Like, how many years did no one believe?
Only tried dragging me down
It's crazy that most of the hate you receive is from people inside of your t
own
So pour up some liquor, let's drown
All I can hear is this sound
The lyrics I write in my iPhone are the only thing saving me now
Always at home but I'm still not at home
Something you just understand or you don't
Yeah, I'm obsessed with this music and you would be too
If you spent your whole life on your own
How can I be with you and still be alone?
Alone with you, does that make sense?
And nobody calling my phone

It's like
I keep hearing how pain change people
I guess it keep changing me too
No, I'm not okay, but swear it's okay
After all of the things I've been through
It's easy to judge from the outside
But you never walked in my shoes
I tried to pick up pieces of my heart
But I ain't just broken in two
I keep hearing how pain change people
I guess it keep changing me too
No, I'm not okay, but swear it's okay

After all of the things I've been through
It's easy to judge from the outside
But you never walked in my shoes
I tried to pick up pieces of my heart
But I ain't just broken in two
