

# Proud

Ollie

I'm gonna send 'em out  
Yeah, it sounds good

Yeah, I got the juice but ain't Minute Maid (Woo!)  
I put in work and don't miss a day  
Tell me the deal, I got the wheel  
Finally got food on my dinner plate (Yeah)  
Never thought that I would make it here  
Never grow if you don't face your fears  
I've been learnin' every step I take  
Livin' life like the end is near  
I got some demons, I got some ghosts  
I just keep pushin', feel like I'm chose  
Like this was meant to happen  
Everything I've been through  
All the pain, car crash  
It was meant for rappin'  
-Damn

And now all these records slappin'  
Built it all from real life, real moments  
I ain't ever spend a second actin' (Yeah)  
Life's hard, full of ups and downs  
I just take it, make it into sounds  
I'm just tryna make my family proud (Woo!)  
Somewhere up there, know they lookin' down  
Pray to God that I'ma see 'em soon  
Workin' hard like they'd want me to  
Still somethin' that I gotta promise you

I'm gon' make you proud of me, proud of me (Yeah)  
I'm gon' make you proud of me, proud of me  
I know what this 'bout to be (Woo!), undoubtedly  
I'm gon' make you proud of me (Woo!), proud of me  
I'm gon' make you proud of me  
I'm gon' make you proud of me  
I'm gon' make you proud of me, yeah  
I'm gon' make you proud of me, proud of me

Mama said, "Doctor or lawyer" (Ay)  
Hope I did not disappoint you (No)  
I been out killin' the biz  
The Golden Boy, De La Hoya (Yeah)  
I got some stars in my circle  
This more than music, it's personal  
I take offense to these critics  
Make me wanna kill 'em verbal  
But I stay contained  
Through all the pain  
I'm here for the music, not for the fame  
I keep on workin', I'm learnin' the game (Yeah)  
Real ones around me who keepin' me sane  
I'm stayin' me; love to my team  
Even when we fail, I know they believe  
These days, we all sharin' the dream  
And that's more important than it may seem  
Shoutout my grandpa, shoutout my grandma  
Just know I'm thinkin' of you

All of my family, all of my friends  
Know that I do this for you  
I hope I show somebody listenin'  
That you can make your dreams come true  
No matter what they try and tell you  
Go and make your dreams come true

I'm gon' make you proud of me, proud of me  
I'm gon' make you proud of me, proud of me  
I know what this 'bout to be, undoubtedly  
I'm gon' make you proud of me, proud of me  
I'm gon' make you proud of me  
I'm gon' make you proud of me  
I'm gon' make you proud of me, proud of me  
I know what this 'bout to be, undoubtedly  
I'm gon' make you proud of me, proud of me  
I'm gon' make you proud of me  
I'm gon' make you proud of me  
I'm gon' make you proud of me  
I'm gon' make you proud of me, proud of me

Hey, what are you doin'?  
You were singing  
Huh
