

Regret

Ollie

Regret things that I do when I'm upset
Heartbreaks, mistakes, don't help so I'm a wreck
That's why I can't be with no-one at all
Asleep at the wheel whenever you call

I feel so afraid
Cause I don't feel too much
Numb from all the pain
I'm falling out of touch
My heart's not okay
But that's just part of love
And this shit hurts to say
I think you're giving up

On me, up on me, up on me, think you're giving up
On me, up on me, up on me, think you're giving up

You're giving up, I think its obvious to see
You get mad, we start fighting, push your problems back on me
I take the fall, an that make you feel like you justified in this
Quit playing games, someday's I wish I could customize the shit that's in yo
ur brain

An that don't mean I'm innocent my adolescence flawed
I told you I was listening when maybe I was lost
Still I'm afraid to be hurt, so I say all the worst
I just hate that were here at all

Regret things that I do when I'm upset
Heartbreaks, mistakes, don't help so I'm a wreck
That's why I can't be with no-one at all
Asleep at the wheel whenever you call

I bought all the words you sold to me
Now all I feel is darkness from your shadow hanging over me
I'm tryna feel a void, your memories they left a hole
How am I suppose to change emotions that I can't control
I've been haunted, by the silence when we stared up at the stars
Something deep about that moment lasts forever in my heart
Letting go of all them promises you made tore me apart
And that's prolly' why I'm laying in the dark, always thinking how I

Regret things that I do when I'm upset
Heartbreaks, mistakes, don't help so I'm a wreck
That's why I can't be with no-one at all
Asleep at the wheel whenever you call

I feel so afraid
Cause I don't feel too much
Numb from all the pain
I'm falling out of touch
My heart's not okay
But that's just part of love
And this shit hurts to say
I think you're giving up

On me, up on me, up on me, think you're giving up

On me, up on me, up on me, think you're giving up
On me, up on me, up on me
On me, up on me, up on me
