

# Selfish

Ollie

Selfish, I've been feeling lost, that's the truth  
I'm an introvert, struggle with my thoughts all I do  
Please, just let me be, I don't wanna break your heart too  
Faded memories open up these scars like new  
Selfish, I've been feeling lost, that's the truth  
I'm an introvert, struggle with my thoughts all I do  
Please, just let me be, I don't wanna break your heart too  
Faded memories open up these scars like new

Okay, please don't hit my phone, left it on silent  
Late-night driving, I think too much, this shit is tiring  
See the sirens, my speakers loud, can't stand the silence  
I'm fucking wildin' while my anxiety has been  
Moving up a couple levels, I just need space  
The person I try to be is in a battle  
With the devil, telling me to go stray  
I had some people around me I swore that were real  
But they all turned out to be fake  
The truth of this cold world is it hurts to feel  
It's part of the price that we pay  
I'm used to the struggle, I'm good on my own  
These ain't emotions I usually show  
Because I keep carrying all of this well don't mean that the pain disappear,  
'cause it won't  
Already been down this road, know all too well, yeah  
Somewhere along the line, I lost myself  
Lost myself, don't know who I became

Selfish, I've been feeling lost, that's the truth  
I'm an introvert, struggle with my thoughts all I do  
Please, just let me be, I don't wanna break your heart too  
Faded memories open up these scars like new

Yeah  
All I do is thinking, got no free time, yeah  
Bottled up a tendency by design, yeah  
Lately, move too fast, wish I could rewind, yeah  
Sanity, I struggle just to keep mine, keep mine  
I used to be someone else, then I changed  
Driving a hundred, I'm switching through lanes  
I picked up all of my pieces and put 'em together but something ain't feelin  
g the same  
I guess I'm not sure that I'd do it again  
Gave up my life with a stroke of a pen  
This is all of me, I swear

Selfish, I've been feeling lost, that's the truth  
I'm an introvert, struggle with my thoughts all I do  
Please, just let me be, I don't wanna break your heart too  
Faded memories open up these scars like new
