

# Without You

Ollie

I'll try my best to live without you  
It's like you're already gone but you're still in my arms  
I'll try my best to live without you  
Oh I'd love to hold on but you tell me I should-  
(I keep tryna tell you this shit, you know)

I'll try my best to live without you  
It's like you're already gone but you're still in my arms  
Yeah, best to live without you  
Oh I'd love to hold on but you tell me I should-

Yeah  
Anxiety's moving fast when it's slowed down  
I don't think that I could make it on my own now  
I've been going through the motions  
Driving to our spot late night  
Whole city starts feeling like a ghost town  
Fix it, I don't know how  
While we young and we bleeding  
Even though it hurts I ain't leaving  
Love is deceiving  
All these emotions been trapped in my soul 'til I'm all alone screaming that  
I'm trying my best (best to live without you)  
And judging by the scars it ain't working  
Need you in my arms when I'm learning  
Even on the days that I know I'm not deserving  
stomach keep turning  
Thinking 'bout you stand in the past  
Knew these good times wouldn't last  
I'll be fine, just don't ask  
I ain't tryna relive all the memories that make me miss what I already have  
Shit just feel sad

Best to live without you  
It's like you're already gone but you're still in my arms  
Yeah, best to live without you  
Oh I'd love to hold on but you tell me I should-

Yeah  
Try escaping to my dreams but I can't sleep  
Like you the only one that ever understands me  
Just a one-way trip  
Watching paradise slip  
Said I'd never let go but I can't breath  
In the past know I hurt you in the worst way  
Should've never got here in the first place  
As I stare up at the moon and the stars  
I can hear them repeat as your voice start to curse me  
And they keep saying that

I'll try my best to live without you  
It's like you're already gone but you're still in my arms  
I'll do my best to live without you  
Oh I'd love to hold on but you tell me I should-

I'll try my best to live without you  
It's like you're already gone but you're still in my arms

I'll do my best to live without you  
Oh I'd love to hold on but you tell me I should-
