

# You've Changed

Ollie

Don't lie to me, all I want's the truth  
Inside of me, I think I'm losing you  
Who you tryna be? What you tryna prove?  
Not the person I knew, I knew, no  
Don't lie to me, all I want's the truth  
Inside of me, I think I'm losing you  
Who you tryna be? What you tryna prove?  
Not the person I knew, I knew, no

Don't lie to me  
I ain't feeling no love  
Like monogamy  
Had me thinking there was something really wrong with me  
But now I'm seeing that the problem was honesty, right?  
'Cause you ain't telling the truth  
Funny I missed every one of your clues  
Now you're probably fallin' in love with some new dude  
Fuck it, I'ma blame this whole thing on you  
You're why I'm broken in two  
And you're as cold as winter  
I'd give you a chance but you too busy drowning your liver  
And scrolling on Tinder  
You miss me hardly more than your liquor, your friends or ex  
Maybe this is me being bitter  
I tried to change for the better  
And yeah, I made mistakes  
But the difference is you changed never  
Finally pulling the lever  
Leaving my room  
I'm so sick of writing these letters  
I gave it all for you  
Losing my mind thinking you just want someone new  
Leaving me with trust issues  
But you don't care  
See, it's just more of the same  
I'm going insane standing there screaming your name  
Looking in your eyes I can see you fighting the pain  
Sayin' please don't, please don't do it again, no

Don't lie to me, all I want's the truth  
Inside of me, I think I'm losing you  
Who you tryna be? What you tryna prove?  
Not the person I knew, I knew, no  
Don't lie to me, all I want's the truth  
Inside of me, I think I'm losing you  
Who you tryna be? What you tryna prove?  
Not the person I knew, I knew, no

Damn, all I get is a text  
Nah, you don't want the loving  
All you want is the sex  
Funny how you went and preached and preached in every one of your songs  
While you at the bar spending your cheque, right?  
I ain't holding it back  
How's this for real shit  
Not your fictional raps  
Always talking 'bout a life that you wished you had

I'm doing great by the way  
I figured you wouldn't ask  
I fucking hate you  
Just look what you did after every damn thing that we've been through  
This is what I get  
Leavin' me in a mess  
Then you run and hide  
Only tellin' your side  
Know you talk about me in every one of your lines  
Tellin' people our story that'll never hear mine  
But you probably won't listen  
I'm just wasting my time  
I'm in pieces  
I know what I did  
What makes you think music gon' ease this?  
How long you gon' keep this?  
Guess that you don't care  
See, it's just more of the same  
I'm going insane standing there screaming your name  
Looking in your eyes I can see you fighting the pain  
Sayin' please don't, please don't do it again, nah

Don't lie to me, all I want's the truth  
Inside of me, I think I'm losing you  
Who you tryna be? What you tryna prove?  
Not the person I knew, I knew, no  
Don't lie to me, all I want's the truth  
Inside of me, I think I'm losing you  
Who you tryna be? What you tryna prove?  
Not the person I knew, I knew, no
