

Alone Tonight

Olly Murs

I can't leave you alone tonight!
I can't leave you alooooone!

Bring my beat at midnight
Don't be till the daylight, do it right
Kiss me with affection,
Make that friends' connection with some tide,
Alright
You don't have to wait another life,
Put it all, put it all, put it all over me
And grant me on my wishes at one time
Now give me that fantasy!

Kiss me like a stranger
It's time to misbehave
Don't leave me lonely
I can't leave you alone tonight
You don't need my permission
When you're in that position,
When you hold me
I can't leave you alone!

Ooh uh oh oh
Ooh uh oh oh
Ooh uh oh oh
Ooh uh oh oh

Stroll down to the dancefloor,
Act like you don't know me for tonight
Sexy like a diva, dressed in black to tease me in the light
Alright

You don't have to wait another life,
Put it all, put it all, put it all over me
And grant me on my wishes at one time
Now give me that fantasy!

Kiss me like a stranger
It's time to misbehave
Don't leave me lonely
I can't leave you alone tonight
You don't need my permission
When you're in that position,
When you hold me
I can't leave you alone!

(A different kind of love,
A different kind of love,
A different kind of love,
A different kind of love
Ah ah ah ah)

I'm lost in a different body
Surely you can see the signs
This thing you seize you're mine
You're all tied up
And it's different every time,

But you always feel the same, the same
Don't change, don't you ever change

Be that fantasy that I visualize
And you're telling me to do the same,
And we'll just dress our love up in the skies
And I'll show what that means!!

Kiss me like a stranger
It's time to misbehave
Don't leave me lonely
I can't leave you alone tonight
You don't need my permission
When you're in that position,
When you hold me
I can't leave you allooone!

(A different kind of love,
A different kind of love,
A different kind of love,
A different kind of love
Ah ah ah ah
A different kind of love,
A different kind of love,
A different kind of love,
A different kind of love
Ah ah ah ah)
