

# Best Night Of Your Life

Olly Murs

Let me entertain ya  
I can introduce ya to the danger, oh-oh-ah  
Read it in the papers  
I got good hair and bad behaviour

Ya hear it on the radio  
Ya hear it on the stereo  
Ya hear it on the oh, ah

We can paint the midnight gold  
I think that I'm about to blow  
Oh, ah  
If you don't follow  
You won't let go

So come on lose ya mind  
And meet me at the right place and right time

Cheers, hey  
Here's to the ones that got drinks, hey  
We're not ready to sleep, hey  
Turn it up and set the night alight  
It's always you, me  
Seeing double yeah. Who? Me?  
Causing trouble don't faze me  
I just got dressed and I've never felt so alive

Cos I don't need no plastic surgery  
I can smile from cheek to cheek, ya see  
I'm a rocket man made for you  
You can meet me in the bed with the highest view  
Yeah

Why don't we go make some history?  
Let them talk, they'll all be missing me  
Don't be surprised  
There's stars in your eyes  
It's the best night of your life

You don't wanna miss this  
I know I'm number 1 on your wish list  
Oh, ah  
Put 'em out of business  
And when I win this  
You'll be the witness

Ya hear it on the radio  
Ya hear it on the stereo  
Ya hear it on the oh, ah

We can paint the midnight gold  
I think that I'm about to blow
