

## Excuses

Olly Murs

I've been thinking 'bout, thinking 'bout you too much  
Lately it's been like you ain't there when we touch  
I've tried everything, but we keep losing us  
Oh, I, oh, I guess everything ain't enough

Why can't you just be open and talk to me?  
Asking how you feel, then you get up and leave  
Talking you and me used to come easily  
Oh, I, oh, I, but right now we hardly speak

So, tell me now, do you, do you even know what you did to me?  
I'm going out of my mind  
Every secret that you're keeping  
Oh why won't you let me in?  
Oh, darling, oh, darling, ah

But it's useless  
Every time you pull me back with one kiss  
And I'm telling everyone you didn't mean to do this  
And we can make it through this  
Oh, darling, oh, darling  
But I'm just making up excuses

You and I, you and I been like this way too long  
All I know it shouldn't be this hard to hold on  
It's hard to be 'round you, but I hate it when you're gone  
Oh, tell me what's going wrong?

So, tell me now, do you, do you even know what you did to me?  
I'm going out of my mind  
Every secret that you're keeping  
Oh, why won't you let me in?  
Oh, darling, oh, darling, ah

But it's useless  
Every time you pull me back with one kiss  
And I'm telling everyone you didn't mean to do it  
And we can make it through this  
Oh, darling, oh, darling  
But I'm just making up excuses

And I could blame myself  
But it's your fault as well  
We're crying out for help

And I could blame myself  
But it's your fault as well  
We're crying out, crying out

Saying do you, do you even know what you did to me?  
I'm going out of my mind  
Every secret that you're keeping  
Oh, why won't you let me in?  
Oh, why won't you let me in, ah?

But it's useless  
Every time you pull me back with one kiss

And I'm telling everyone you didn't mean to do it  
And we can make it through this  
Oh, darling, oh, darling  
I'm just making up excuses

And I'm telling everyone you didn't mean to do it  
And we can make it through this  
Oh, darling, oh, darling  
But I'm just making up excuses
