

# Feel the Same

Olly Murs

You got to know (yeah yeah), I want to show (yeah)  
Took a minute to realise, when you're not there by my side  
It just feels cold (yeah yeah), and the nights are long (yeah)  
So sick of chasing highs, so tired of wondering why

Why I let go, let go, let go  
When you're the only one I wanna hold  
La-la-la-la let go, let go, let go  
I'm left wondering why, why love don't feel the same

I've been up and all over the globe  
Tryna find someone special like you  
But without you baby, love don't feel the same  
I've been taking up all of my time  
Trying to get someone else on my mind  
'Cause without you baby, love don't feel the same

When you're not with me (yeah yeah) you're all I see (yeah)  
In every single place, in every single face  
Oh what have I gotta do 'cause I ain't getting over you  
So sick of chasing those highs, so tired of wondering why

Why I let go, let go, let go  
When you're the only one I wanna hold  
La-la-la-la let go, let go, let go  
I'm left wondering why, why love don't feel the same

I've been up and all over the globe  
Tryna find someone special like you  
But without you baby, love don't feel the same  
I've been taking up all of my time  
Trying to get someone else on my mind  
'Cause without you baby, love don't feel the same

Hooked on you and girl, it won't stop  
No, it won't stop  
Ain't nobody got what you got  
Got what you got  
Hooked on you and girl, it won't stop  
No, it won't stop  
Ain't nobody got what you got  
Why love don't feel the same

I've been up and all over the globe  
Tryna find someone special like you  
Without you baby, love don't feel the same  
I've been taking up all of my time  
Trying to get someone else on my mind  
'Cause without you baby, love don't feel the same

I've been up and all over the globe  
Tryna find someone special like you  
But without you baby, love don't feel the same  
I've been taking up all of my time  
Trying to get someone else on my mind  
'Cause without you baby, love don't feel the same

I've been up and all over the globe  
Tryna find someone special like you  
But without you baby, love don't feel the same  
I've been taking up all of my time  
Trying to get someone else on my mind  
'Cause without you baby, love don't feel the same

Ey
