

# Maria

Olly Murs

I wanna tell you a story 'bout  
'Bout this girl, mmm  
I warn you she's everything you desire  
Just take my word

I was in the hotel lobby drinking all alone  
She took me by the hand and away we go  
She don't say a word and I can't say no  
But I know she talking dirty in Español  
We were kissing all the way up and down the stairs  
She bite my lip and she pulled my hair  
I opened my eyes and she wasn't there

Ma-ma-ma-Maria, tell me have you seen her?  
She's everything I want, want, want, want, want  
But now she's go-o-one  
Ma-ma-ma-Maria, tell me did I dream her?  
She's everything I want, want, want, want, want  
But now she's go-o-one  
Ma-ma-ma-Maria  
Tell me have you seen her?

There's more to the story to talk about  
'Bout that girl, mmm  
She'll twist and she'll pull and she'll break you down  
'Til it hurts

I was in the hotel lobby drinking all alone  
She took me by the hand and away we go  
She don't say a word and I can't say no  
But I know she talking dirty in Español  
We were kissing all the way up and down the stairs  
She bite my lip and she pulled my hair  
I opened my eyes and she wasn't there  
All I got was her name

Ma-ma-ma-Maria, tell me have you seen her?  
She's everything I want, want, want, want, want  
But now she's go-o-one  
Ma-ma-ma-Maria, tell me did I dream her?  
She's everything I want, want, want, want, want  
But now she's go-o-one  
Ma-ma-ma-Maria  
Tell me have you seen her?  
Ma-ma-ma-Maria  
Tell me have you seen her?

I know you're out there somewhere with somebody  
I know you messed me up but I still love it  
And every time I close my eyes, you didn't even say goodbye  
In my blood, in my veins, and all I got is your name

Ma-ma-ma-Maria, tell me have you seen her?  
She's everything I want, want, want, want, want  
But now she's go-o-one  
Ma-ma-ma-Maria, tell me did I dream her?  
She's everything I want, want, want, want, want

But now she's go-o-one

Ma-ma-ma-Maria, tell me did you see her?

Ma-ma-ma-Maria, she's gone

She's gone, she's gone, she's gone, she's gone, she's gone

Yeah she's gone, she's gone gone gone
