

# Moves

Olly Murs

Olly Murs  
Big Snoop Dogg  
You know we 'bout to make moves, ya dig?

I walk in the club like a million bucks  
First I hit the bar for a couple of shots  
Wink at the beautiful women, I think I'm makin' 'em blush  
Then I spill my drink tryna cover it up  
Got the dad dance moves, they ain't ready for 'em  
Got the bad man groove, go steady on 'em  
Hey señorita in a beautiful dress  
Do you wanna dance? She's tellin' me "yes"

I got confidence in myself  
But that's just Tequila giving me help  
Tryna cover it up, so you'll never tell  
I feel like dancin' with you

It's your moves, baby  
'Cause I can't dance in the way that you do  
But I got that love that you ain't used to, hey  
And when the DJ's spinnin' that song that we groove to  
Oh my, come and teach me how to dance

Slow down!  
DJ, play that track  
Check out my kung-fu kicks, like I'm under attack  
I wave my arms like this from front to back  
Bet you never seen a bad mother dance like that  
Then you're beckin' me in with a kiss on the lips  
Jump into the middle, come on, wiggle your hips  
My love, take my hand, I'll give you a spin  
Step once, step twice, let the party begin

I got confidence in myself  
But that's just Tequila giving me help

Tryna cover it up, so you'll never tell  
I feel like dancin' with you

It's your moves, baby  
'Cause I can't dance in the way that you do (yeah)  
But I got that love that you ain't used to, hey  
And when the DJ's spinnin' that song that we groove to  
Oh my, come and teach me how to dance  
(Snoop!)

Dance to the rhythm of the D.O. dub, G and a thug  
Watch how I be in the club  
Lookin', starin', darin', comparin'  
In my book, they say sharin' is carin'  
So give me a taste (ha ha)  
And make your hips just dip to the bass  
And watch me run the line  
See what I come to find?

It's your moves, baby (ya dig?)

'Cause I can't dance in the way that you do (yeah)  
But I got that love that you ain't used to (ha ha), hey (Snoop!)  
And when the DJ spinnin' that song that we groove to  
Oh my, come and teach me how to dance  
It's your moves, baby (dance to the rhythm of the D.O. dub)  
'Cause I can't dance in the way that you do (in my book, they say sharin' is  
carin')  
But I got that love that you ain't used to (dance to the rhythm of the D.O.  
dub)  
And when the DJ spinnin' that song that we groove to  
(You know we about to make moves)  
Oh my, come and teach me how to dance (ya dig?)
