

# Personal

Olly Murs

You walked through the door  
Girl where were you  
You've been here before  
It's nothing new  
You're wearing cologne  
It's not yours, who  
Are you spending time with?  
I want the truth  
Huh

I got a question  
How many lies?  
Question  
How many times?  
Question  
Did you wanna lie?

Please forgive me, if I can't forgive anymore  
I guess I'm taking it personal  
Life without you is better than life before  
I guess I'm taking it personal

Listen  
Listen to my head  
Listen  
And not to my heart  
Listen  
Seems like the end's about to start  
Yeah  
You think you're caught, you got anymore  
I guess I'm taking it personal  
(Ooh)

Where do I start?  
Look at you now  
The lipstick you wear  
Not on your mouth  
The scent of your skin  
Is somewhere else  
I don't need to ask  
But I can't help myself  
Huh

I got a question  
How many lies?  
Question  
How many times?  
Question  
Did you wanna lie?

Please forgive me, if I can't forgive anymore  
I guess I'm taking it personal  
Life without you is better than life before  
I guess I'm taking it personal

Listen  
Listen to my head

Listen  
And not to my heart  
Listen  
Feels like the end's about to start  
Yeah  
You think you're caught, you got anymore  
I guess I'm taking it personal

Cause this is what is  
This is where are  
Get back in your car  
And drive it back to where you came from  
There's nothing left to say  
Nothing left to do  
I'm not gonna change  
I'm not anyway  
No

Listen  
Feels like the end has started  
And you know what?  
Funny I'm not broken hearted  
C'mon!

Please forgive me, if I can't forgive anymore  
I guess I'm taking it personal  
Life without you is better than life before  
I guess I'm taking it personal

Listen  
Listen to my head  
Listen  
And not to my heart  
Listen  
Feelslike the end's about to start  
Yeah  
You think you're caught, you got anymore  
I guess I'm taking this personal
