

# Unpredictable

Olly Murs

I'm sick, I like it  
There's a moment when we fight  
I get so excited

Oh oh  
The next move is someones  
And maybe that's what makes it fun  
We don't know what comin'  
Oh oh

But you got me and i got you  
Couldn't stop this if you wanted to  
You got me and I got you

I like us when were unpredictable  
Cause that's why love is so phenomenal  
It's better when there's no one in control  
We don't know which way it's gonna go

It drives me crazy  
We go to bed at night in love  
You wake up and hate me  
Oh oh  
But I just can't fight it  
Other people might break up, but thats how I like it  
Oh oh

Cause you got me and i got you  
I'ts enough for us to make it through  
You got me and i got you

I like us when were unpredictable  
Cause that's why love is so phenomenal  
It's better when there's no one in control  
We don't know which way it's gonna go  
We're better when were unpredictable  
And thats why love is so phenomenal  
It's harder when there's no one in control  
We don't know which way it's gonna go

I like us when we're unpredictable  
Cause that's why love is so phenomenal  
It's better when there's no one in control  
We don't know which way it's gonna go  
No  
It's how I like it  
It's how I like it

I like us when were unpredictable  
Cause that's why love is so phenomenal  
It's better when there's no one in control  
We don't know which way it's gonna go  
We're better when we're unpredictable  
And thats why love is so phenomenal  
It's harder when there's no one in control  
We don't know which way it's gonna go
