

Ayy

Lately, I've been losin' my mind  
Certain things I can't find  
In the middle of the night  
I'm still up, I'm still tryna decide

Should I drink up? Smoke up?  
I need some freedom, freedom, ah, in my life  
Should I drink up? Smoke up?  
I need some freedom, freedom

Show me a little attention  
A little attention  
Show me attention  
Show me a little attention, yeah  
Show me a little attention

Little love and some affection on the side  
Little trust and some passion would be nice  
It's all I desire  
I need it, I cannot deny  
Oh, ayy, I don't see something  
For my eyes only  
Ain't no emoji, cry him only, ah  
Ain't no emoji, my mind's lonely

Show me a little attention  
A little atten'  
Show me atten'  
Show me a little attention, no  
Show me a little attention

Lately, I've been losin' my mind  
Certain things I can't find  
In the middle of the night  
I'm still up, I'm still tryna decide

Should I drink up? Smoke up?  
I need some freedom, freedom, ah, in my life  
Should I drink up? Smoke up?  
I need some freedom, freedom

Show me a little attention  
A little atten'  
Show me atten'  
Show me a little attention, yeah  
Show me a little attention
