Every day every time in every single place you find yourself you gotta do it
You gotta go crazy bruh and that it goes on for for ever
Yeah it does

I'm rolling on your wheel now
I'm drinking Hennessy now
I hope u see now
Say u don burst my eyeglass
You don scatter my plans
See my eye I don kprass
You put me for ambulance
See what u made me bitch
See what u made me be
See what u did to me
God save me please
