Get up, get up and dance  
Oh, oh

Supernatural  
Boost my confidence

My heart desire  
Give me nothing else  
I no dey tire  
'Cause you give me ginger  
For the die minute  
You're my true lover  
My mami water  
Give me happiness

Symptoms don dey show for my knicker  
I'll stop drinking, baby  
Tequila don dey hit me for liver  
It's either indica or it's a sativa  
Anytime that I smoke, these girls be looking like wife materials  
Is it this or that?  
If I seek, I'll find  
How I feel inside

I'll let you know  
I am super high  
I can't feel my eyes  
They say love is blind  
But I can see you

Oya, get up and dance  
Get up and dance

Get up and dance, dance  
Get up and dance  
Get up and dance  
Get up and dance  
Get up and dance, dance
