Omar Apollo

I'm not so perfect, but I really try  
That's enough affection coming for my life  
Talk about it when it comes to users  
I don't really like to chill with losers  
I be running all the time

¿Por qué me amas tú?  
¿Por qué me amas?  
Yo no tengo la opción de volver pa' atrás  
Yo no sabia que estabas conmigo  
Nunca lo dijo, nunca lo dijo

Something's on my mind (and it's not you)  
Something's on my mind (and it's not you)  
Oh, something's on my mind (and it's not you)  
Something's on my mind

Ooh baby, let me touch you right here  
Yeah, you're perfect, you know I'm worthless  
Shouldn't deserve this  
But you're right here  
You twerkin  
Girl, your body language moving in cursive  
Mami I know you probably just like me 'cause you don't know me  
Shorty I know molly hit highly, I'm also rolling  
When the moonlight shines, and the hearts get stolen  
Let's fucking get high 'til the morning  
Come on here

I'm not so perfect, but I really try  
That's enough affection coming for my life  
Talk about it when it comes to users  
I don't really like to chill with losers  
I be running all the time

¿Por qué me amas tú?  
¿Por qué me amas?  
Yo no tengo la opción de volver pa' atrás  
Yo no sabia que estabas conmigo  
Nunca lo dijo, nunca lo dijo

Something's on my mind (and it's not you)  
Something's on my mind (and it's not you)  
Oh, something's on my mind (and it's not you)  
Something's on my mind  
Something's on my mind (and it's not you)  
Something's on my mind (and it's not you)  
Oh, something's on my mind (and it's not you)  
Something's on my mind (and it's not you)
