

Drifting

Omar Apollo

Past life, oh, past life
Have we been here before?
Last night was the last night
That I tried to ignore

And I'm so tired of climbing
I can't let go, maybe I should let go

I wish I could jump from here
I wish I could fall from here
Could you take all my fears?
'Cause I'm drifting
I'm drifting away

There's a place I dream about
Where the sun never goes out
And the sky is deep and blue
Won't you take me there with you?

Hours, it's been hours
I'm more restless than before
Beauty, so much beauty
Up all night till it's warm

And I'm so tired of climbing
I can't let go, maybe I should let go

I wish I could jump from here
I wish I could fall from here
Could you take all my fears?
'Cause I'm drifting
I'm drifting away

There's a place I dream about
Where the sun never goes out
And the sky is deep and blue
Won't you take me there with you?

There's a place I dream about
Where the sun never goes out
And the sky is deep and blue
Won't you take me there with you?
