

## How

Omar Apollo

Winter gave me that bliss  
Spring, you got up and left  
I spent a summer by myself  
Wonder why my year still ain't really hit  
Used to be in Montana  
No post, no cameras  
Living life real bold  
No phones unanswered  
Innocent, I'm clean  
Prince like Diana  
Dick in your psyche?  
Pardon me and my manors

How are you living your life? Oh  
How you keep living a lie? You do

How are you living your life?  
'Cause I ain't been doing alright here  
How are you living your life?  
'Cause I don't got nothing inside here  
How are you living your life?  
'Cause I ain't been doing alright here

House need renovations  
Spend the bread on vacation  
Skipping dinner, too cold  
Code red violation  
All I got is white tees  
Indulge in my fixations  
Loving you naive made me way too patient

Stop acting like you been there, you don't know me  
Talking 'bout what you don't know, you gon' end up OZ  
Know you only reaching out 'cause you feeling lonely  
Childish the way you act, you bringing back the old me, uh

How are you living your life?  
'Cause I ain't been doing alright here  
How are you living your life?  
How you gon' give me advice?  
Are you gon' tell me I'm right?  
'Cause I don't got nothing inside here  
How are you living your life?  
'Cause I ain't been doing alright here
