

# I'm Amazing

Omar Apollo

I'm amazing, that's what they tell me  
I don't think of that too much, it overwhelm me  
I don't think you love me 'cause you don't reach out  
Yeah, you broke my fuckin' heart, took a piece out  
Since I was eighteen, I've had my mask off  
And I wish you could've seen how much I slacked off  
You my baby, you make me inhale  
Yeah, these bitches always fillin' up my email  
Why you tryna play me? Don't get no detail (Tryna play me)  
I'ma hit it from the back and then we reset  
And I ain't called you, that's on me, bruh (That's on me)  
I've been on the road too much and I ain't seen ya

Don't make me wish I didn't  
Don't make me wish I didn't (We still fuck on the side)  
Don't make me wish I didn't (And it's just you and I)  
Don't make me wish I didn't

Aqui me quedo, me voy temprano  
Y que voy a estar tarde, soy Mexicano  
When I needed money that I could borrow  
Pick you up, then have a show up in Chicago  
I'm makin' M's now, listenin' to Stevie  
And the whip got autopilot when I'm sleepy  
We in the city, you like bikinis  
Know I shoulda said somethin', I know, believe me  
Moved away, but you got a girl now  
Shit remind me when I used to blow your back out  
You fuckin' hate me, on different paths now  
Yeah, I used to drink so much, but now I tap out

Don't make me wish I didn't  
Don't make me wish I didn't (We still fuck on the side)  
Don't make me wish I didn't (And it's just you and I)  
Don't make me wish I didn't (We still fuck on the side)  
Don't make me wish I didn't (And it's just you and I)  
Don't make me wish I didn't (And it's just you and I)  
Don't make me wish I didn't (And I wish you good times)  
We still fuck on the side  
And I fucked up my mind  
I think of just you and I  
I think of just you and I
