

No Good Reason

Omar Apollo

I heard you talk about me boy how come you don't admit it
I know you said I love you but I really wanna hear it
You act like if you said it that I'd hate you but I'm with it
Just tell me what you want 'cause you know I'd be down to give
it

What you making me mad for? (What you making me mad for?)
Why you talking like that for? (Why you talking like that for?)
Who you tryna be bad for? (Who you tryna be bad for?)
What you making me mad for?

Fuck you talkin' 'bout I don't know, say, "I don't know"
Fuck you talkin' 'bout I don't know, say, "I don't know"
Fuck you talkin' 'bout I don't know, say, "I don't know"
Fuck you talkin' 'bout, yeah, fuck you talkin' 'bout, I don't k
now

I call you all the time you picking up just introduce it
You say you wanna talk, I bring it up, you acting clueless
What do I gotta do to change your mind, how can I prove it?
You love to waste my time
But this your life I just improve it

What you making me mad for? (What you making me mad for?)
Why you talking like that for? (Why you talking like that for?)
Who you tryna be bad for? (Who you tryna be bad for?)
What you making me mad for?

What you making me mad for? (What you making me mad for?)
Why you talking like that for? (Why you talking like that for?)
Who you tryna be bad for? (Who you tryna be bad for?)
What you making me mad for?

Fuck you talkin' 'bout I don't know, say, "I don't know"
Fuck you talkin' 'bout I don't know, say, "I don't know"
Fuck you talkin' 'bout I don't know, say, "I don't know"
Fuck you talkin' 'bout, yeah, fuck you talkin' 'bout, I don't k
now
