

Baby I know  
That sometimes I'm bad at the usual  
I really miss talkin' on the phone at night  
Well there's a storm tonight  
And you can call me

I don't smoke as much as you but  
I rewrote this verse for you  
'Cause I just want you to notice me  
I just want you to notice me  
I just want you to notice me
