

## There For Me (Interlude)

Omar Apollo

I know you're holding some tears  
They haunt your new memories  
Don't waste your life 'cause time is great  
I'm over years and years  
I'm feeling empathy  
I know you do 'cause I'm afraid

I been feeling off  
Been feeling off  
I been feeling off  
I'm a waste, I'm a waste, yeah

When I wake up  
Feelin like I mean something  
Shit you made up  
I just signed a lease, homie  
Got me shaped up  
Shit been real easy for me  
I'ma break up  
Maybe you could be there for me, yeah  
Maybe you could be there for me, yeah  
Maybe you could be there for me, yeah  
Maybe you could be  
Maybe you could be there for me, yeah  
Be there for me, yeah
