Girl, you lookin' good in that Louis (Aye)
You should bring a friend, that's a two piece, aye (Uh)
Dinner at my place and a movie
And for dessert, I wanna taste
Spread your legs and feed my face (Yeah)

Eat it up! (Up)
I can tell that you start heatin' up (Heatin' up)
Girl, let me know when it's deep enough (Deep enough)
That's when I'm gonna start speedin' up (Oh)
But you are that type of chick (Chick)
That I get along with
Maybe you'll meet my kids
'Cause Nia's my favorite

Girl, you mine so, big vibe
Love how your skin glow, big vibe (Aye)
You're somethin' special, big vibe
I love how the time flows when we align souls
Girl, you mine so, big vibe
Pull up that vibe, O (And get high, aye)
You're somethin' special, big vibe
I love how the time flows when we align souls (Oh)

Kundalini spine, realignin' all your chakras
When I hit your spot, I'll have you shakin', singin' opera (Ooh-hoo-ooh-hoo)
All inside your mental (Cake, cake)
That's exactly what your momma gave you (Yeah)

Eat it up! (Up)
I can tell that you start heatin' up
Girl, let me know when it's deep enough
That's when I'm gonna start speedin' up (Oh)
But you are that type of chick (Chick)
