

Yeah, what's up?
You know I fucks with you
You're my type of company
Company
Type of company
Two shots

My day starts off by
With you on my mind
'Cause the sun shines perfect on your body
Butterflies
When I'm looking in your eyes
And the rays change up like seasons (No)

I'll be the shoulder you could lean whenever you wanna cry out
And you know that it's for life
Love is written in the stars, you could see it when we fly out

You're my type of company
With no problems
Like summer breeze with no top
Right on time for me, no clock, ride or die
You're my type of company
With no problems
Caught you, luckily, now you're mine
Like a symphony, girl, you rock, oh my God
God

Baby, don't think for a minute
That I don't know what you want, and I
I know there's no limits
I say just like the weather
You make it better

I'll be the shoulder you could lean whenever you wanna cry out
And you know that it's for life
Love is written in the stars, you could see it when we fly out

You're my type of company
With no problems
Like summer breeze with no top
Right on time for me, no clock, ride or die
You're my type of company
With no problems
Caught you, luckily, now you're mine
Like a symphony, girl, you rock, oh my God
